Purpose and functionality

"Ask for Products" is a module developed by 4webs in order that your customers can make queries about a particular product in your store, directed to the email you decide.

So, this module enables a form in the tab of each product in the frontend of your store, where your customers can easily enter their contact information and the query they wish to make about the product in question.

When a client completes the fields of the form and sends it, the site administrator receives an email whose subject will include the name of the product on which the query was made.

Thanks to this module, you will be able to solve the doubts of your clients as soon as possible, increasing the satisfaction level of them and improving the conversion.

Technical description and requirements

VERSION: 1.0.0

COMPATIBILITY: v1.6 and v1.7

Installation and configuration

First of all, you need to upload the module to the server. Thus, you can find it in your browser module as "Ask for Products" and click on the option "Install".

Here are some screenshots that graphically explain the simple setup process of "Mass Order Management" is. Once installed, locate the module in Prestashop list and access their options through the "Configure" button, indicated in the image below.

The screenshot displays the 'Manage installed modules' page in PrestaShop. The interface includes a top navigation bar with 'Quick Access', a search icon, and the user 'askforproducts'. Below this, the 'Modules' section is active, showing 'Manage installed modules' with tabs for 'Selection', 'Installed modules', and 'Notifications'. A search bar at the top right contains the text 'ASK x FOR x PRODUCTS x x'. The main content area lists modules. Under '1 installed modules', there is a module named 'Ask for products' (v1.0.0 - by 4webs) with a description 'Customers can ask for products information in product page by mail' and a 'CONFIGURE' button. Below this, under '8 built-in modules', there are six modules: 'Registered customer information' (v2.0.1 - by PrestaShop), 'Best-selling products' (v2.0.0 - by PrestaShop), 'Stats Dashboard' (v2.0.1 - by PrestaShop), 'Available quantities' (v2.0.0 - by PrestaShop), 'Dashboard Goals' (v2.0.1 - by PrestaShop), and 'Data mining for statistics' (v2.0.0 - by PrestaShop). Each built-in module has a description and a 'CONFIGURE' or 'DISABLE' button.

After that, the following screen appears asking you to enter the email address where you want to receive the product inquiries that your customers make.

E-MAIL IN WHICH YOU WANT TO RECEIVE PRODUCT CONSULTATIONS

1. Enter the email address where you want to receive the queries of your customers.
2. Save this setting to start receiving queries.

To verify that the product query box appears in your store, go to any category of products (in the frontend) and access a product as shown in the capture below:

Within the product in question, you will find a box (indicated in the image below), in which customers who want to make an inquiry can do so by clicking on the "Ask about it"

VISIBLE CONSULTATION TABLE FOR
YOUR CUSTOMERS FROM YOUR PRODUCT SHEET

Before that, the query box will be displayed allowing your client to enter company data, name, surname, phone, email and product inquiry. When filling in at least the required fields, you can click on "Submit question". After that, you will receive this query at the email address you saved in the module configuration.

The image shows a screenshot of a website interface for product consultation. At the top, there is a blue header bar. Below it, a white box contains two small images of a woman in an orange dress. To the right of these images is a 'Compartir' (Share) button with icons for Facebook, Twitter, Google+, and Pinterest. The main part of the form is titled 'Tiene una pregunta acerca de este producto?' (Do you have a question about this product?). It features a profile picture of a man in a suit and a blue button labeled 'PREGUNTE SOBRE EL' (ASK ABOUT IT). Below this, there are several input fields: 'Empresa' (Company), 'Nombre *' (Name), 'Apellido *' (Surname), 'Teléfono *' (Phone), 'Correo electrónico *' (Email), and 'Pregunta *' (Question). A note at the bottom of the question field states 'Longitud máxima de la pregunta 600 caracteres' (Maximum length of the question 600 characters). A blue arrow points to a grey button labeled 'Enviar pregunta' (Send question). The bottom of the page has a blue banner with the text 'VISIBLE CONSULTATION TABLE FOR YOUR CUSTOMERS FROM YOUR PRODUCT SHEET'.
